What is Open Source?

Collaboration based Software

Code publicly available (for modification)

Why should we do OS?

- Give back to the community
- Learn code practices
- Improve communication
- build Connections / Networking
- Earn

How to contribute?

- Learn a skill
- Learn VCS (Git & Github, Bitbucket, Gitlab)
- Find an organization
- **Start contributing** : Find a bug / build a features / fix a bug

good-first-issue, easy-to-fix, beginner - tags

Please use this repo to download your in-class starter codes.

How to contribute?

- Set up the Project
- Try to find bugs / issues to report
- Fix bugs
- Think of / work on new features
- Documentation

GSoC (Google Summer of Code)

What is Google Summer of Code?

Google Summer of Code is a global, online program focused on bringing new contributors into open source software development. GSoC Contributors work with an open source organization on a 12+ week programming project under the guidance of mentors.

India	\$1500	\$3000
-------	--------	--------

For medium sized projects: We start with a base amount of 3000 USD and then adjust it based on each country's PPP value. There is a minimum (1500 USD) and maximum (3300 USD) stipend amount.

For large sized projects: We start with a base amount of 6000 USD and then adjust it based on each country's PPP value. There is a minimum (3000 USD) and maximum (6600 USD) stipend amount.

GSoC (Timeline)

January 23 - 18:00 UTC

- Mentoring organizations can begin submitting applications to Google

February 7 - 18:00 UTC

- Mentoring organization application deadline

February 7 - 21

- Google program administrators review organization applications

February 22 - 18:00 UTC

- List of accepted mentoring organizations published

February 22 - March 19

- Potential GSoC contributors discuss application ideas with mentoring organizations

March 20 - 18:00 UTC

- GSoC contributor application period begins

April 4 - 18:00 UTC

- GSoC contributor application deadline

January to May

Active Mentors are important

Useful Contributions

Good Proposal

<https://google.github.io/gsocguides/student/writing-a-proposal>

Outreachy

Outreachy provides **internships in open source and open science**. Outreachy provides internships to people subject to systemic bias and impacted by underrepresentation in the technical industry where they are living.

Outreachy internships are:

💰 **Paid** - \$7,000 USD total internship stipend

🌐 **Remote** - both interns and mentors work remotely

📅 **3 months** - internships run May to August, or December to March

MLH Fellowship

Upcoming Batches

The MLH Fellowship runs year-round with batches starting every few months.
We offer scheduling options that accommodate most major time zones.

Spring 2024

Jan 29 – Apr 19, 2024

Monday - Friday
